

## PK54™ & PK54A™

---

The PK54™ dining table is a study in contrasting materials and forms. Circle meets square and the pure quality creates a sculptural impression that makes the table the natural focal point in any room no matter where the table is placed. One of the defining characteristics of the table is the extension ring (PK54A™), which provides an unusual solution to the problem of extending a round table and make the table even more unique. Stone meets wood, hard meets soft and the table completely changes appearance without losing its identity, when the concentric wooden leaves are applied to the table.

REPUBLIC OF **Fritz Hansen**®

## PRODUCT DESCRIPTION

The PK54™ is available with a table top in marble or granite. The marble comes in two variants: as a rolled or honed marble. The circular table top has an optional expansion ring consisting of 6 parts which interlink with the table top, and the ring is made of untreated solid maple. For the extension ring comes a storage unit of the same material.

The square base is comprised of 4 squares of satin brushed stainless steel.

In 1955, Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Kjærholm's death in 1980. In 1982, Fritz Hansen took over the manufacture and sales of "The Kjærholm Collection", which was developed over the period 1951 to 1967.
