PALISSADE PARK BENCH

DESIGN BY RONAN & ERWAN BOUROULLEC, 2022

Designed by French duo Ronan and Erwan Bouroullec, the Palissade Park Bench is a freestanding bench designed for outdoor use. The curved bench comprises two seats linked together, which rest upon six legs and can be combined in multiples to create circular or wave-formed configurations. The elegant design is united by the same symmetrical geometry and graphic idiom as the rest of the Palissade series, engineered to reproduce the same visual simplicity that allows it to integrate effortlessly into a natural landscape or urban setting. Specifically designed for outdoor use, the powder-coated steel has a protective outdoor primer for optimal durability and resilience, which makes it last for a longer period of time. Available in selected colours, the Park Bench is ideal for using in gardens, parks and public spaces.
