TYPE CHAIR

DESIGN BY JONAS TRAMPEDACH, 2024

Designed by Danish designer Jonas Trampedach, Type Chair's name and aesthetics are derived from the perception of an archetypal chair. Type's distinctively shaped back gives it a uniform sculptural expression that reinforces the chair's sense of familiarity while retaining its own unique character. Made from aluminium with a silicone coating, the chair merges craft with industrial processes to create a smooth, closed surface. Lightweight and stackable, Type's functionality, simplicity, and homogeneous quality make it easy to integrate into a wide assortment of indoor and outdoor contexts.

HIGHLIGHTS

- Type Chair's is a simple and functional chair with its own unique character.
- The name derives from the perception of an archetypal chair.
- The shaped back gives it a uniform sculptural expression that reinforces the chair's sense of familiarity.

SILVER GREY
SILICONE COATED
ALUMINIUM

Take care not to scratch the chairs against each other when stacking them. Do not move or drag the chairs around when stacked as the weight may damage the legs.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

TYPE CHAIR CUSHION

Adding extra comfort and functionality to the Type Chair, the Type Chair Cushion has a rectangular shape that fits the seat perfectly. The padded cushion features an anti-slip bottom to keep it securely in place. The fabric has a water-repellent finish and has a high UV resistance, meaning it is fade-resistant with good colour fastness properties. The cushions are available in different colours and striped designs and can be used all year round.

DIMENSIONS

WIDTH 38,5 CM
DEPTH 40,5 CM
HEIGHT 4 CM

MATERIALS

OUTDOOR FABRIC

Solution dyed Olefin with water repellent finish.

FOAM AND FILLING

20 mm Polyurethane foam.
20 mm Recycled Polyester fibre wadding.
