Staffa Coffee Table – Large

Inspired by the unique volcanic rock formations found on the ancient island of Staffa in Scotland, the Staffa collection features a series of bold furniture pieces. Paying homage to their namesake, which means pillar in old Norse, every piece is crafted entirely from glass fibre reinforced concrete, using an innovative casting process that provides each item with a rough, uneven shape reminiscent of blocks of carved stone. Suitable for both indoor and outdoor use, the Staffa Coffee Table presents an intriguing piece that blurs the line between art and functionality. Place the contemporary piece in the centre of your living room or outside lounge area and watch as it naturally sparks conversation.
