Deceptively simple in its design yet featuring a wealth of details, Ready's cantilevered seat and backrest appear as if suspended on air. Curved anterior legs add to the sense of lightness while visible joints draw the eye. Shaped from FSC™-certified oak veneer, it is offered in a natural or red stained oak with a water based lacquered finish and offered with or without seat or full front upholstery, the pared-back dining chair showcases precise craft and natural materials to functionally beautiful effect.

As an added feature, the upholstery can easily be changed by loosening 4 screws. Row Connection allows you to join individual Ready Dining Chairs together in a line, making it ideal for use in conference facilities. The bracket is made of strong aluminium and is easy to connect and disconnect. It can be turned under the seat when not in use. The Ready Dining Chair can be stacked with 10 chairs with and without the Row Connection.

*"How we can create a product that is relevant. Who is it for? How will it be used? How long should it last for? We also consider how we can produce it as sustainably as possible – looking at ways it can be repurposed, recycled or disposed of, too."*

## A Sense of Community

MENU has always been fascinated by the way in which individuals and spaces can be united through great design. In our pursuit to craft furniture, lighting and interior accessories shaped by purposeful details, high-quality materials and human needs, we create strong and lasting relations between designers, manufacturers and customers. The sense of community that results from this union of like-minded individuals fosters a deeper sense of belonging – and products that stand the test of time, inviting human connection, inspiration and experimentation to push the boundaries of modern design. We truly believe that when we work collectively, we achieve more than we do individually: the sum of our work and of our connections is always greater than its parts, and our softly minimal designs and collaborative spirit help to join the dots between the home, the workplace and the service industry, redefining how we use space and, ultimately, how we connect to those around us.

## MENU at The Audo

Abbreviated from the *Latin Ab Uno Disce Omnes*, meaning *from one, learn all*, The Audo reflects MENU's founding philosophy of collaborative spirit. Redefining how we use design, space and, ultimately, how we connect to one another, this creative destination is a hub for powerful ideas, beautiful design and inspiration.
