CONNECT BED

DESIGN BY LEIF JORGENSEN, 2016

Connect Bed takes the idea of traditional craftsmanship methods combined with the computer-controlled, high-tech tools and processes which have now become commonplace in the contemporary designer's world to create a minimalistic, industrial look. The result is a razor-sharp design with pinpoint precision and an easy-to-assemble construction. Embedded in the bare frame, the screws become an interesting detail in themselves, with the joints displaying references to conventional carpentry work. Available in different size and colour options, Connect's uncluttered aesthetics and modest expression make it easy to integrate in most bedroom styles and décor. HAY recommends using Standard Bed Slats and Standard Mattresses with Connect bed for the optimal complete solution.

WIDTH 149,4 CM
LENGTH 209,4 CM
HEIGHT 30 CM

FOR MATTRESS L200 X W160 CM*
WIDTH 169,4 CM
LENGTH 209,4 CM
HEIGHT 30 CM

FOR MATTRESS L200 X W180 CM*
WIDTH 189,4 CM
LENGTH 209,4 CM
HEIGHT 30 CM

*Inside height of the bed frame's side panel is 4,6 cm | 1.75"

MATERIALS

FRAME

4 mm powder coated sheet steel.

SUPPORT BAR

4 mm powder coated sheet steel.

SUPPORT LEG

Soft black powder coated steel.

CONSTRUCTION

Each profile is lasercut from 4 mm sheet metal and bent to achieve the final shape. The plastic glider locks the side and end profiles into place, preventing any shaking and rattling. Requires assembly.

COUNTRY OF ORIGIN

China

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
