

SERIES 3300™

The Series 3300™ was created for the SAS Terminal at the SAS Royal Hotel in Copenhagen, one of Arne Jacobsen's architectural masterpieces. In harmony with Jacobsen's architectural work at that time, the Series 3300 is cool and formal. Furthermore, the Series 3300 exudes Arne Jacobsen's unfailing sense of line and proportion and his ability to design everlasting classics. Arne Jacobsen got the inspiration for the Series 3300 from a sofa, which he had designed especially for his own home in the 1940s. The Series 3300 series forms an elegant contrast to the organic shapes of the Egg™ and Swan™ chairs, also designed especially for the SAS Royal Hotel (today Radisson Blu Royal Hotel).

REPUBLIC OF **Fritz Hansen**®

PRODUCT DESCRIPTION

The Series 3300™ comes fully upholstered as both a lounge chair, a 2-seater and 3-seater sofa. Additional units can be added to extend the length of the sofa. The cushions on the shell are made of cold-cured foam mounted on a wooden frame covered in fabric or leather. The base is made of chromed steel tubes.

DESIGN

Arne Jacobsen, 1956.

ARNE JACOBSEN 1902-1971

The collaboration between Arne Jacobsen and Fritz Hansen dates back to 1934. It was not until 1952 however that the team got its breakthrough with the Ant™. It was succeeded by Series 7™ in 1955, thereby enabling both Jacobsen and Fritz Hansen to write their names into furniture history.

Arne Jacobsen was incredibly productive, both as an architect and a designer. At the end of the 1950s he designed the SAS Royal Hotel in Copenhagen, also designing the Egg™, the Swan™, the Swan Sofa™ and Series 3300™ for the same project.

UPHOLSTERY

The Series 3300™ comes upholstered in both fabric and leather. The upholstery is available in the following selection of fabrics and leathers:

Fritz Hansen Colours:

The Fritz Hansen Colours are created exclusively by Republic of Fritz Hansen's own design team and consist of serene pale pink, warm and earthy terracotta orange and finally deep ocean blue.

ENVIRONMENTAL PRODUCT INFORMATION

Lounge chair, 2-seater and 3-seater sofa for lounge and waiting areas and private use.

MATERIALS

Frame

The frame is made of solid beech wood and the arms is made of solid beech wood and chip board. The upholstery foam is PUR-foam.

Base

The base is made of steel tubes with chrome coating.

PACKAGING MATERIAL

The chair and sofas are shipped and protected in cardboard. All packaging material can be recycled

REPAIR, DISPOSAL AND REUSE

In the case of disposal the chair and sofas can be disassembled into different parts (shell and base).

Check local regulations for recycling in your area and whether there is potential for reuse.

MANUFACTURING PROCESSES

Suppliers

Before Fritz Hansen enters into cooperation with a supplier, their environmental stance is examined as part of the company's quality and environmental management systems.

Chrome surface treatment

Fritz Hansen uses both trivalent chromium (chrome 3) and hexavalent chromium (chrome 6) for chromium plating. Fritz Hansen will convert to solely using trivalent chromium (chrome 3) when the capacity in the industry allows it.

Metal

Production scrap is collected for recycling.

Foam

Remnants from foam production are granulated, wherever possible, for recycling.

MANAGEMENT SYSTEMS

Environmental Systems

We are aware of our environmental responsibilities. Therefore, in the autumn of 2004 Fritz Hansen obtained the ISO 14001 certification in the environmental management system. The certification is a guarantee to our customers and the authorities that we comply with the requirements of the ISO 14001:2015 standard.

Quality System

Fritz Hansen is also certified according to the quality system ISO 9001:2015.

Employee Health and Safety

Fritz Hansen aims at meeting or exceeding OSHA standards.

ENVIRONMENTAL PRODUCT CERTIFICATION

FSC®-C120451

The Series 3300™ is FSC® (Forest Stewardship Council®) certified. This FSC certification ensure the wood is from forests that are managed with respect for the ecological, social and ethical standards.

LONG LIFETIME

A long lifetime of a piece of furniture is an important environmental factor. Fritz Hansen aims to obtain a long lifetime through timeless design and excellent craftsmanship.
