STANCE VASE
Designed by *Colin King Studio*

Audo introduces the Stance Vase, a sculptural vessel for a single stalk. Part of Colin King's eponymous collection of decorative objects for Audo, Stance Vase is "*designed with a traditional artifact display stand in mind.*" The tall and slender piece, cast in bronzed brass and offered in two sizes, provides a simple and spare support for sculptural branches and stems. Its timeless idiom ensures it fits seamlessly into any setting – styled alone or together with other pieces from the master stylist's new series for Audo.

About the Designer

Professionally trained as a dancer, Colin King found himself at the intersection between a dancer's awareness of space and a stylist's impulse to bring it to life before foraying into the realm of product design. Currently based in Tribeca, New York City, he finds himself in a balance between being on set, styling and designing from his studio. Colin has styled for major publications such as Architectural Digest and T Magazine and hosts a myriad clientele within the genres of product and interior design. He is continuously inspired by life's everyday rituals, gestures and imperfections – made beautiful by their ever-evolving presence within a given space. Colin King is the designer behind Interconnect, Audo's monumental candleholder design.
