CLAM™
PRODUCT FACT SHEET

CLAM™

Inspired by the curved forms of seashells, Clam™ is a luxurious, new lighting fixture with timeless appeal.

Balancing an upper and lower mouth blown opal glass shade on brushed brass fittings, the lamp glides open to reveal the pearlescent source of light within. It brings glare-free, mood-enhancing light to dining and living spaces alike. Equally elegant open as it is closed, the perfectly balanced design elevates any room with its considered combination of form and ambiance.

DESIGNER/ YEAR OF DESIGN

Ahm & Lund, 2019

DESIGNER

Ahm & Lund is a Copenhagen-based design studio founded by furniture architect Isabel Ahm and cabinetmaker Signe Lund.

The two work at the intersection of craft and design with a shared belief in aesthetic sustainability and long-lasting design. They create products with deep, material understanding, and meaning.

MATERIAL

Shade: Opal glass.

Each shade is individually made and variations in surface thickness and texture, including air bubbles, may occur.

Suspension and Canopy: Brass (untreated).
Please note that brass will patinate.

Cord and wire: Textile, black

PRODUCTION PROCESS

The shades are made of mouth blown opal glass. For the design to work properly, two large mouth blown shades must match symmetrically.

An internal diffuser creates beautiful, glare-free light for ambiance and atmosphere. A small, brass knob can be turned by hand to open and close the lower shade, adjusting light, mood, and styling. The knob design is inspired by antique gas lamps.
